Confirmation No. 7631

IN THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

1 Claim 1. (*Currently Amended*) A hot stone therapy apparatus for applying hot stone therapy to a person,
2 comprising:

3 at least one elongated flexible member; and

4 a plurality of stones connected to each other by means of the at least one elongated flexible member

5 to provide the hot stone therapy apparatus, wherein the at least one elongated flexible member is embedded

6 in the stones, wherein the stones are capable of storing heat energy,

7 whereby the distribution of the plurality of stones permit self-application of the stones about a desired area

8 of a person's body.

Claim 2. (*Original*) The hot stone therapy apparatus of claim 1, wherein the stones are natural river stones.

1 Claim 3. (*Currently Amended*) The hot stone therapy apparatus of claim 1, wherein ~~the mechanism of~~

2 ~~attachment between~~ the at least one elongated flexible member is embedded in and the stones is by a means

3 selected from the group consisting of: drill and screw, drill and glue, drill and pressure fit, and drill and

4 anchor mechanism of attachment.

Application No.: 10/602,055
Art Unit: 3739

Attorney Docket No. 9052.01
Confirmation No. 7631

1 Claim 4. (Currently Amended) A The hot stone therapy apparatus of claim 1 for applying hot stone
2 therapy to a person, comprising:

3 at least one elongated flexible member, wherein the at least one elongated flexible member forms
4 a duplex arrangement; and

5 a plurality of stones connected to each other by means of the at least one elongated flexible member
6 to provide the hot stone therapy apparatus, wherein the stones are capable of storing heat energy;

7 whereby the distribution of the plurality of stones permit self-application of the stones about a
8 desired area of a person's body.

1 Claim 5. (Currently Amended) The hot stone therapy apparatus of claim 1, wherein the hot stone therapy
2 apparatus is a shoulder hot stone therapy apparatus consisting of five stones connected in series by
3 elongated flexible members, two of said five stones being end stones adapted to rest against a person's
4 chest, the elongated flexible members connecting the end stones to the other three stones adapted to rest
5 on a person's upper back; whereby, the two end stones are not directly connected to each other by an
6 elongated flexible member and whereby, the person can walk about while wearing the shoulder hot stone
7 therapy apparatus.

1 Claim 6. (Currently Amended) The hot stone therapy apparatus of claim 1, wherein the hot stone therapy
2 apparatus is a neck hot stone therapy apparatus consisting of three stones connected in series, wherein the
stones are arranged to provide hot stone therapy to a person's neck.

Application No.: 10/602,055
Art Unit: 3739

Attorney Docket No. 9052.01
Confirmation No. 7631

1 Claim 7. (*Currently Amended*) The hot stone therapy apparatus of claim 1, wherein the hot stone therapy
2 apparatus is a hip hot stone therapy apparatus consisting of two stones, wherein the stones are arranged
3 to provide hot stone therapy to a person's hip.

1 Claim 8. (*Currently Amended*) The hot stone therapy apparatus of claim 1, wherein the hot stone therapy
2 apparatus is a spine hot stone therapy apparatus consisting of four stones connected in series, wherein the
3 stones are arranged to provide hot stone therapy to a person's spine.

1 Claim 9. (*Currently Amended*) A hot stone therapy apparatus for applying hot stone therapy to a person,
2 comprising:

3 an at least one elongated flexible member; and
4 a plurality of stones connected to each other by means of the at least one elongated flexible member
5 to provide the hot stone therapy apparatus, wherein the at least one elongated flexible member is embedded
6 in the stones, wherein the stones are capable of storing heat energy, whereby the distribution of the plurality
7 of stones permit distribution of the stones about a person's body without substantially affecting the mobility
8 of the person.

Application No.: 10/602,055
Art Unit: 3739

Attorney Docket No. 9052.01
Confirmation No. 7631

1 Claim 10. (*Currently Amended*) The hot stone therapy apparatus of claim 9, wherein the stones are
2 arranged to provide a shoulder hot stone therapy apparatus consisting of five stones connected in series
3 by elongated flexible members, two of said five stones being end stones adapted to rest against the front
4 of a person, the elongated flexible members connecting the end stones to the other three stones adapted
5 to rest of the person's back, whereby the two end stones are not directly connected to each other by an
6 elongated flexible member, wherein the stones are arranged to provide hot stone therapy to a person's
7 shoulders.

1 Claim 11. (*Original*) The hot stone therapy apparatus of claim 9, wherein the stones are natural river
2 stones.

Claims 12-20. (*Cancelled*).

1 Claim 21. (*New*) The hot stone therapy apparatus of claim 1, wherein the at least one elongated flexible
2 member forms a duplex arrangement.
